

**DRIP IN®**

**DRIP LINE FOR LANDSCAPE**

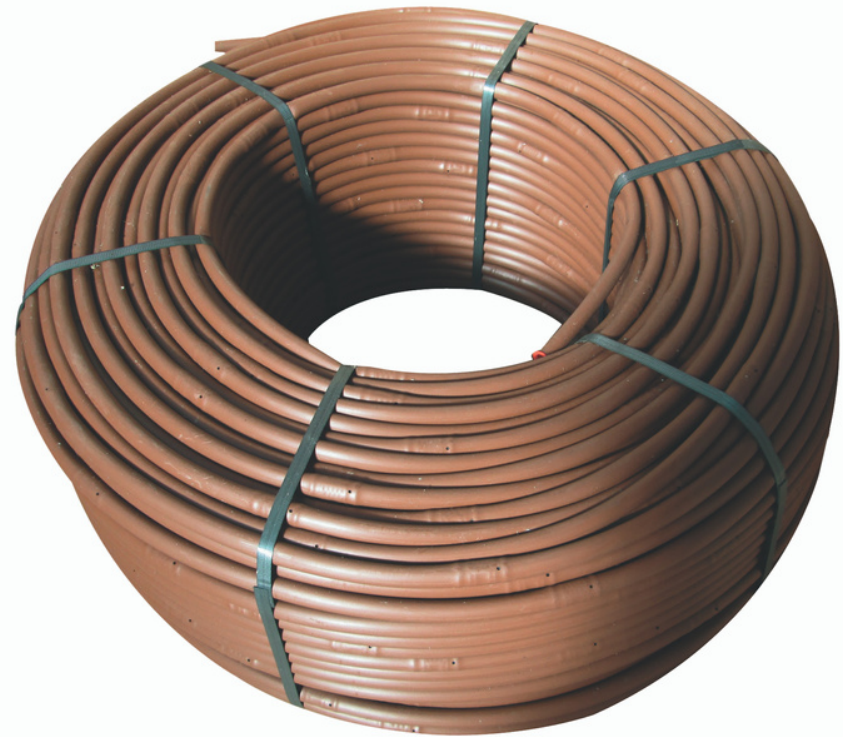

# DRIP IN<sup>®</sup> CL

Drip In<sup>®</sup> CL is the drip line with cylindrical emitter specifically designed for flower beds, hedges and landscape irrigation.

High mimicry thanks to the brown color.

**Maximum working pressure: 3.5 bar**

**Filtration requirements: 120 mesh**

Part number	Description	Nominal diameter	I.D.	Spacing	Flow rate	Coil length
EHCLB162-33-400	Drip In CL brown	16 mm	13,8 mm	33 cm	2 l/h	400 m
EHCLB162-33-100						100 m
EHCLB162-33-50						50 m
EHCLB162-33-25						25 m

Coil length	Coil per pallet	Pallet per truck	Meters per truck
400 m	-	-	160.000
100 m	24	44	105.600
50 m	40	40	80.000
25 m	50	40	50.000

**EXCELLENT FLEXIBILITY  
TO SHAPE THE DRIPLINE AS NEEDED**

# DRIP IN<sup>®</sup> PC

Drip In<sup>®</sup> PC is the drip line with cylindrical Pressure Compensating emitter specifically designed for flower beds, hedges and landscape irrigation.

The brown color allows a low visual impact and a high camouflage.

**PC range: 0.5-3.5 bar**

**Maximum working pressure: 3.5 bar**

**Filtration requirements: 120 mesh**

Part number	Description	Nominal diameter	I.D.	Spacing	Flow rate	Coil length
EHPCB162-33-400	Drip In PC brown	16 mm	13,8 mm	33 cm	2 l/h	400 m
EHPCB162-33-100						100 m
EHPCB162-33-50						50 m
EHPCB162-33-25						25 m

Coil length	Coil per pallet	Pallet per truck	Meters per truck
400 m	-	-	160.000
100 m	24	44	105.600
50 m	40	40	80.000
25 m	50	40	50.000

**EXCELLENT FLEXIBILITY  
TO SHAPE THE DRIPLINE AS NEEDED**
